Hillrom™

WELCOME TO THE HILLROM SAFE PATIENT HANDLING EQUIPMENT E-BOOK

We understand you want to specify the best and most appropriate equipment for your clients, but the healthcare landscape and patients' needs are complex and the solutions are many.

To help you navigate which lift, sling, vest or accessory might be the most appropriate to complete the task you and your client require, we have created this E-Book.

It's quick and easy to use, simply click the relevant answer to a set of questions and we will guide you to most appropriate equipment required to complete your task.

For the final stage, simply add your contact details and one of our Hillrom representatives will be in touch to discuss in further detail the perfect solution for your clients' needs.

Hillrom™

Plus size solutions

Hillrom Ultra RepoSheet™ with a Hillrom UltraTwin Overhead Lift

OVERVIEW

- Facilitates repositioning a client higher up in bed and turning in bed with a lift, with minimal burden on the caregiver.
- Can be used in combination with or instead of sheets.
- Intended for use with clients who cannot actively participate in repositioning in bed, or alternatively, are too heavy for the caregivers to reposition.

PRODUCT DETAILS

Regular: 255 x 135cm

Ultra: 255 x 145cm

Fabrics: 50% Cotton / 50% Polyester, Net Polyester

Fabrics: 50% Cotton / 50% Polyester, Net Polyester

SWL: 200kg

SWL: 500kg

Can be used in combination with the Hillrom UltraTwin™ Overhead lift system

Hillrom UltraSling™ with a Hillrom UltraTwin Overhead Lift

OVERVIEW

- Developed for lifting plus sized people in a safe and comfortable way.
- Supports the entire back up to the shoulders.
- Leg supports are connected individually on the sling bar, which provides extra space for the abdomen and legs, for optimal support.

PRODUCT DETAILS

SWL: 500kg

Fabric: Polyester

Can be used in combination with the Hillrom UltraTwin™ Overhead lift system

Hillrom Ultra LiftPants™ with a Hillrom UltraTwin Overhead Lift

OVERVIEW

- Supports the whole body and gives heavier clients the confidence to take those first steps.
- For clients who can put weight on their legs. Allows natural pattern of movement when rising.
- Safe and secure for raising, standing, gait and balance training.
- Takes the strain in the crotch area and by the hip loop straps.

PRODUCT DETAILS

SWL: 500kg

Fabrics: Net Polyester

Sizes Available: XXL, XXXL

Can be used in combination with the Hillrom UltraTwin™ Overhead lift system

Will the sling be removed after the transfer, or is a breathable fabric required to be left in-situ / for wet environments?

Sling will be removed after transfer is complete

Sling should be breathable for left in-situ or wet environments

Hillrom™

Turning and / or repositioning with a reduced care package

Hillrom RepoSheet™ with a Hillrom Overhead Lift

OVERVIEW

- For clients who cannot actively participate in repositioning in bed, or are too heavy for the caregivers to reposition.
- Can be used in combination with or instead of bedsheets.
- Works best when used in combination with an overhead lift.

Hillrom Likorall™ Overhead Lift Systems

A range of Safe Working Loads from 200kg to 500kg. The lift motors can be supported by installed rails or by a FreeSpan gantry system.

PRODUCT DETAILS

Regular: SWL 200kg

Fabrics: 50% Cotton / 50% Polyester or Net Polyester

Ultra: SWL 500kg

Fabrics: 50% Cotton / 50% Polyester or Net Polyester

Hillrom HandySheet™

OVERVIEW

- **HandySheet™** and **HandyTube™** are manual assistive devices that facilitate transfers by reducing friction between the client and the underlying surface.
- The sliding sheets in the Handy™ series are made of a high-quality, low-friction fabric that slides easily, even after long-term use.

PRODUCT DETAILS

Handytube short:

70cm (W) x 90cm (L) (28 x 35")

Handysheet long, M:

90cm (W) x 185cm (L) (35 x 73")

Handysheet long, XL:

140cm (W) x 215cm (L) (55 x 85")

Hillrom™

Standing transfer - arms outside sling

Hillrom SupportVest™ with a Hillrom Sabina II EE Sit-to-Stand Lift

OVERVIEW

- A comfortable sit-to-stand vest which is simple to use and requires little individual setting.
- Ideal for clients who need assistance to raise themselves but who can then stand firmly on their legs.
- Lifts behind the back and under the arms.

PRODUCT DETAILS

Sizes: S, M, L, XL
SWL: 200kg

Hillrom Sabina Sit-To-Stand lift

- Designed for clients who have difficulty standing up without assistance from a seated position.
- Ideal for clients who are able to actively participate in the raising motion.
- When standing, clients can be moved to a wheelchair or toilet; this gives standing practice in connection with the transfer.

The **Sabina Sit-to-Stand Lift** has a SWL of 200kg, weighing a total of 45.2kg.

Hillrom SafetyVest™ with a Hillrom Sabina II EE Sit-to-Stand Lift

OVERVIEW

- A sit-to-stand vest which is unique in safety, form and function.
- Lifts behind the back and around the torso.
- The self-tensioning safety belt eliminates the risk of the client sliding out of the vest.

PRODUCT DETAILS

Sizes: M, L
SWL: 200kg
